## Federal Rule of Civil Procedure 45 (c), (d), and (e) (Effective 12/1/07)

**(c) Protecting a Person Subject to a Subpoena. (1) *Avoiding Undue Burden or Expense; Sanctions.*** A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The issuing court must enforce this duty and impose an appropriate sanction — which may include lost earnings and reasonable attorney's fees — on a party or attorney who fails to comply.

**(2) *Command to Produce Materials or Permit Inspection.***

**(A) *Appearance Not Required.*** A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.

**(B) *Objections.*** A person commanded to produce documents or tangible things or to permit inspection may serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing or sampling any or all of the materials or to inspecting the premises — or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

(i) At any time, on notice to the commanded person, the serving party may move the issuing court for an order compelling production or inspection.

(ii) These acts may be required only as directed in the order, and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance. **(3) *Quashing or Modifying a Subpoena.***

**(A) *When Required.*** On timely motion, the issuing court must quash or modify a subpoena that:

(i) fails to allow a reasonable time to comply;

(ii) requires a person who is neither a party nor a party's officer to travel more than 100 miles from where that person resides, is employed, or regularly transacts business in person — except that, subject to Rule 45(c)(3)(B)(iii), the person may be commanded to attend a trial by traveling from any such place within the state where the trial is held;

(iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or

(iv) subjects a person to undue burden.

**(B) *When Permitted.*** To protect a person subject to or affected by a subpoena, the issuing court may, on motion, quash or modify the subpoena if it requires:

(i) disclosing a trade secret or other confidential research, development, or commercial information;

(ii) disclosing an unretained expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study that was not requested by a party; or

(iii) a person who is neither a party nor a party's officer to incur substantial expense to travel more than 100 miles to attend trial.

**(C) *Specifying Conditions as an Alternative.*** In the circumstances described in Rule 45(c)(3)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:

(i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and

(ii) ensures that the subpoenaed person will be reasonably compensated.

**(d) Duties in Responding to a Subpoena.**

**(1) *Producing Documents or Electronically Stored Information.***

These procedures apply to producing documents or electronically stored information:

**(A) *Documents.*** A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.

**(B) *Form for Producing Electronically Stored Information Not Specified.*** If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it is ordinarily maintained or in a reasonably usable form or forms.

**(C) *Electronically Stored Information Produced in Only One Form.*** The person responding need not produce the same electronically stored information in more than one form.

**(D) *Inaccessible Electronically Stored Information.*** The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

**(2) *Claiming Privilege or Protection.***

**(A) *Information Withheld.*** A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:

(i) expressly make the claim; and (ii) describe the nature of the withheld documents, communications, or tangible things in a manner that, without revealing information itself privileged or protected, will enable the parties to assess the claim.

**(B) *Information Produced.*** If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information to the court under seal for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

**(e) *Contempt.*** The issuing court may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena. A nonparty's failure to obey must be excused if the subpoena purports to require the nonparty to attend or produce at a place outside the limits of Rule 45(c)(3)(A)(ii).

Based upon a total review of all available information, it is the recommendation of this Grievance Officer that the offender's grievance be considered MOOT at this juncture based on the response of facility HCU Administrator to the issue. Any other judgement upon the issue that when returned for cause would have no practical effect upon the existing controversy.

Nature of Grievance: 11. Medical H. Mental Health		

**Facts Reviewed:**

Grievant states: On 6-26-20 I talked to Ms. Sandusky, MHP about my concerns with mental health treatment and why I wasn't SMI. She told me only people who can't think for themselves are considered SMI and she wasn't obligated to look over or witness my disciplinary report hearing with the adjustment committee which is a lie. SMI classification is based upon both diagnosis and functional impairment. Everybody in this prison is entitled to proper mental health treatment and observation. Every since I got here to Shawnee my mental health treatment has been horrible. When I got here I was already diagnosed with Bi-Polar disorder and OCD my first visit with tele-psych Dr. Ms. B she changed all of my diagnosis to just PTSD without properly evaluating me. She always cut me off and doesn't listen. I have requested to speak with Amanda Smith about my concerns but she has ignored my requests. IDOC is required by law to follow the Rasha settlement. My visits with my psychiatrist is not confidential they are open to tell us people with mental illness business its ridiculous. The staff neglect those of us that need help and act antisocial towards us that they should be helping.

Relief Requested: Give me proper Mental Health treatment diagnoses, evaluate me for SMI, investigate all mental health staff here at Shawnee, have mental health do their jobs. Investigate my excessive punishment i been receiving for disciplinary actions.

**Recommendation:**

Based upon a total review of all available information, this Grievance Officer recommends the grievance be DENIED. The offender is being afforded mental health services and will continue to be provided services. He should contact the mental health staff or a member of security if he feels he is in immediate need of a crisis team member.

11 inmates in IDOC. Every since i got here to shawnee my mental health treatment has been horrible. I first got here i was already diagnosed with serious medical needs such as bipolar disorder, and O.C.D. My first visit with my Telepsych Dr. Ms. B she changed all of my diagnoses to just P.T.S.D without properly evaluating me, she tries to blame my acting on past trauma and always cut me off and doesn't listen to full stories. When i try to explain the situation to her when i was shot in the head and that i have alot of memories of my friend dies with me she doesn't properly treat me and tends to brush me off. When i talked to Ms. Sandusky about it she told me i have psychological trauma, which is another serious medical need in which Dr. B refuses to diagnose as with properly. Several months back while i had mental health group Ms. Kessie the DHT told me and other inmates in order for us to be SMI we will have to eat each others feces. My mental health needs are not being treated seriously and instead of helping me mentally they mistreat me and punish me. I even wrote several request to speak with the Head Mental Health person here at shawnee Amanda Smith about my problems and concerns but she ignores all of my request. This prison is not going by proper mental health protocol and my mental illness is worsening. IDOC is the Illinois Department of Corrections and in here so i can be able to correct myself and actions i take so i can better myself before i go back to society where i wouldnt make the same mistakes i did to get me here in the first place. My lack of mental health knowledge and drugs got me here in prison and i really need help so i wont come back. Due to the Mashe v Jeffries vs. 07-1298 settlement agreement IDOC is required by law to follow the Mashe settlement agreement and 8th Amendment to increase and improve mental health treatment. My visits with my Psychiatrist is not Confidential i they are so open to tell us people with mental illnesses problems business its ridiculous. But us people whom they are supposed to help they neglect and act antisocial towards us. I am not able to see a QMHP if i need to speak with someone. I get yird 3 times a week but i dont get no other out-of-cell time except 1 phone call a week. When i ask for a crisis team i can never see any psych its always a sgt or a nurse who dont care about my mental illness and call me "crazy". I caught a ticket for a supposed "STG" for sending a message stating my dead friends name that was killed with me. When i asked for Mental Health to be my witnesses and accompany me while hearing my ticket because of the incident that my friend shondale gregory was killed in front of me and i was shot in the head i have PTSD. I was denied mental health being present because im not SMI in all actuality when came to IDOC diagnosed with any serious medical needs i was supposed to be SMI until somebody reevaluated me. Now i have 90 days in seg. Please help before things get worse or before my mental illnesses get so bad im in fact and.

I told her to look in my file and she would see my history and test form. I tried to explain my past health issues and she was very rude, unprofessional and tends to have an attitude. M. Peeks has something against me because I am a young black man which is very wrong to be racist and bias. I have urinary incontinence, enlarged prostate, prostatitis and symptoms of BHP. I explained that if she look in my medical file which was in her hand she would see my history and test from a Urology Dr (Exhibit 2) in which it states i had prostatitis, chronic B/I testicular pain, I have had Suprapubic and urethral Foley catheters, acute bacterial prostatitis and was given cipro 500. She responded saying "she doesn't care she do what she wants because she did 8 years in college for her job and she would come back and talk to me. Everytime i talk to her about my medicals problems she is very rude, unprofessional and tend to have attitudes. Mary peeks has something against me because i am a young black man which is very wrong to be racist and bias. I have been shot and has had a bullet frag removed from my bladder. I have a hard problems urinating, i have chronic pain in my pelvic area and penis, Sometime i cant hold my urine causing me to urinate on myself. Ms Mary peeks is well aware of this because we went over my medical records on other occasions and she was the person who had me sign the release of medical records paper. Exhibit 1 and 2. I'm having urinary retention which is the inability to empty the bladder at all and requires urgent medical treatment to drain accumulated urine. I have Urinary Incontinence which causes urine leaks when the bladder is under pressure and is caused by a ENLARGED PROSTATE. I have had PROSTATITIS which is inflammation of the prostate gland and is treated with medication. The condition may be slow to clear up and tends to recur, and i have a ENLARGED PROSTATE which is due to inflammation, prostate cancer, or benign prostatic hyperplasia. Symptoms of BHP may include frequent urination, delay in starting to pass urine, a weak urine flow, dribbling after urinating, and a feeling that the bladder has not emptied completely. Occasionally urine flow may be completely blocked causing rapidly increasing pain. THIS REQUIRES URGENT TREATMENT TO DRAIN ACCUMULATED URINE. Severe cases are treated with medications to shrink the prostate to improve urine flow. All of this is known to Mary Peeks and she is intentionally refusing me adequate medical assistance and causing my problems to get worse which is WANTON INFLECTION OF PAIN. The Supreme court has stated "deliberate indifference to serious medical needs of prisoners constitutes the 'unnecessary and wanton infliction of pain' proscribed by the Eighth Amendment. As with other Eighth Amendment claims, the deliberate indifference standard requires a plaintiff to show that the defendants had actual knowledge of an objective cruel conditions (in medical cases, a serious medical need) and did not respond reasonably to the risk.

**Facts Reviewed:**

Grievant states: On 12-4-20 I was waiting to see telepsych and I observed Warden Mitchell so I asked if I can have a word with him about an emergency. He said yes so I told him I'm in a lot of pain due to me having an enlarged prostate and it's not being properly treated. I also told him that healthcare is refusing me medical attention and deliberately not giving me medical attention and left me to suffer with severe pain. He asked me how long has this been going on. I told him always and told him NP Peaks was the one refusing to see me. I was going to see Dr. David on 12-7-20 since Peaks referred me to him. On 12-7-20 Warden Mitchell said he was not medically trained and would rely on the medical staff to treat me. I was never seen by any medical provider on 12-7-20. I saw Warden Mitchell and Walker in the day making rounds and asked to speak with him again regarding my suffering. He said oh well, and walked off. I don't know what else to do. If I don't receive immediate care I'm going to have my lawyers contact all news channels, black lives matter and who else to ensure I receive proper treatment. I'm also pursuing a civil suit thru the 1983 forms.

Relief Requested: Give me proper medical treatment, I'm also pursuing a civil suit for compensation. Reviewed response from Dr. David, Medical Director: He has been seen multiple times by the NP and the nurses claiming he has urinary retention from prior GSW and prostate enlargement. He has been straight cathed with no evidence of urinary retention. He is very young to have an enlarged prostate. There is no evidence of inflammation of the prostate (prostatitis). He will be seen as needed by the nurses and is scheduled to be seen by a medical professional the week of January 18, 2021.

**Recommendation:**

Based upon a total review of all available information, this Grievance Officer recommends the grievance be DENIED. The offender is being afforded medical treatment and will continue to be provided services. He should continue to contact the HCU if he feels he needs to be seen.

Killed at the age of 15 in front of me in Chicago, IL 2010, I talk to my MHP Ms Sandusky about him a lot because I have PTSD from the incident and my friend comes and talks to me and I use to take a psych med for it. Tooka was never a "insane gangster disciple" or never had any form of rank, leadership, or say so in any gang what so ever. I put in a request for 2 people to be my witnesses during my adjustment Committee hearing my friend Earl Dawson and my MHP Ms Sandusky to testify for I. My friend was killed at the age of 15 and wasn't a is not indicative to any gang for 2 that I often talk to Ms Sandusky about him because the incident with me seeing him killed I have PTSD and Nightmares and for 3 My friend Earl Dawson could of testified that im not in a gang anymore and when I was in a gang I was never a "Insane Gangster Disciple". When I asked Lt. Lester of the adjustment Committee and sherrod of the intel Unit for my witnesses to be present and told them I put the proper paper in to have my witnesses present they told me I didnt need them. And also when I recieved my adjustment Committee final summary report its says that "no witnesses requested which is an exhibit A. Also earlier this year I caught a disciplinary ticket and was sent to seg on Feb 10 2020 for stating im GTL to my mother" On tooka there bitch as police got me more time and I was do what I do best. I stated "On tooka" in both messages, if me saying "on tooka" was a STG or was really serious why wasn't I written up for that then, or given a warning or anything. And why would I receive a punishment so severe now? Either Ms. Danko with the intelligence Unit has malice intentions or she doesn't know any history about gangs what so ever. If Ms. Danko has malice intentions about me it means she intentionally lied and fabricated a story to get me punished or even have harm done to me which is very wrong. My friend was gunned down in front of me and was only 15 years old. His name is not, has never been or will never be indicative to ANY gang! Its 3 things that can be indicative to the "Insane Gangster disciples" and that's by someone putting something on the leader by saying "On Don Smiley" who real name is Ernest Wilson, by saying "On the I" which is short for Insane or by Flat out saying "on Insane". Its a lot of people who knew tooka that are not Insane gangster disciples, Gangster Disciples or that are not in any gang period who says "On tooka" to show they are not liars. All of this is Facts and can be proven. Not only by me stating "On tooka" not indicative to ANY GANG but by me stating im a self admitted Insane Gangster Disciple is a Flat out lie. When I first got here to Shawnee I was interviewed by Intel Unit sherrod who told him I didn't gang bang anymore. Even at my adjustment Committee disciplinary hearing sherrod showed a paper saying I was a "Rank 4" Insane gangster disciple. If a proper investigation would of been conducted Ms. Danko would of discovered the truth instead of being racist and trying to falsely penalize me. My AL-ISLAM / muslim religion forbids me from being in a gang or having any other leader except ALLAH. My past gang is actually the "Black Disciple" and when my friend Joseph Coleman aka "JoJo" was killed I started to rap "Insane Black Disciple" in remembrance of him. All of this can be proven and I will take a lie detector test to prove my innocence. I recieved a excessive punishment of 3 months segregation, 3 months C grade, 6 month Global block, 3 months Disciplinary transfer, and 6 months Contact Visit restriction. And a friend of mine Derrien Jackson #Y28843 was also written up for a 205 - STG or Unauthorized organizational activity and 310 - ABUSE of Privileges for Making a 3rd party call and stating "on King David" which is indicative to the "Black Disciple" gang and is a self admitted affiliate of the "Black Disciple" gang which is shown in exhibit 2. In exhibit 3 you can see he was also found guilty of both offenses by Lt. Lester of the Adjustment Committee who was the same person who heard my friend and found me guilty. He recently recieved 2 months C grade, Global block of 6, and 6 month Contact Visit restriction. Why is my disciplinary action so severe? Please help im innocent and already served 30 days in seg so far!

take meds for it and also talk to mental health for it. On 6-8-20 OFFICER C. DANKO #9266 wrote me a disciplinary ticket for a 205 - Security Threat Group or Unauthorized Organizational Activity for a GTL message i sent to my cousin where OFFICER C. DANKO claims by me stating "On Fooka" is indicative to Insane Gangster Disciples STG which is a 100% lie and he also claims that i am a self-admitted Insane Gangster Disciple which is a lie. By something being indicative means it has to indicate something in which my best friend Shondale Gregory aka "Fooka" is not indicative to any gang or Security Threat Group in any shape form or fashion what so ever. Also i am not a Insane Gangster Disciple never have never will be one and i am willing to take a lie detector test for all of this. The incident with my friend being killed can be proven and googled his name is Shondale Gregory killed on 63rd and st. Lawrence in Chicago, IL on a bus stop 2009-2000. I am constantly being picked on and singled out by Intel here and my life and mental health safety is constantly being put in jeopardy. Its only 1 name that can be indicative to any Gang or Security threat group and that's thier former or past leader in which my best friend was never a gang leader nor was he looked upon as a gang chief. I state various names of my dead friends or family and none of them are indicative to any Gang or STG. When i came down here i told Intel sherrad i wasn't in any gang anymore and that i dont Gang bang anymore. Even in my past when i did Gang bang i was never a Insane Gangster Disciple so for me to even be known as one or lied on is crazy and degrading. Names that can be indicative to gangs are known world wide as for the Black Disciples is David Barksdale aka "King David" as for the Gangster Disciples it is Larry Hoover, as for the Insane Gangster Disciples it is Ernest Wilson aka "Don Smokey" and for other gangs all of this can be proven via Internet. My friend was never a chief or leader of any gang and he was not even a Insane Gangster Disciple before he died and all of this can be proven. I Do not belong to ANY Security Threat Group anymore i am a muslim man and my ~~past~~ <sup>past</sup> affiliation is not apart of me anymore and i only want to be seen as a muslim man. This could get me hurt or killed anywhere! OFFICER C. DANKO #9266 should not work intel if she dont even know the history, lingo, or leaders of gangs and is falsely accusing people of being indicative or participating in any STG activity. All of this can be proven by internet, Intel at Cook County and i am willing to take a lie detector test about all of this. I dont want to die or get killed for anything in jail or in society and this is putting me in immediate danger. Please help I am currently in Sec for a misunderstanding and multiple lies that wasn't even investigated before disciplinary actions were taken.

I am appealing the decision of Grievance # 2020-07-56 because ~~no~~ this grievance is not a duplicate of Grievance # 2020-06-69.

They are trying to cover up their actions of wrong doing and racism. On Grievance # 2020-06-69 Exhibit A and B i am grieving receiving the ticket and the staff conduct of officer Danilo, and officer sherrod. On grievance # 2020-07-56 i grieved the disciplinary action i was given for my ticket. As you can see on Exhibit 2 and 3 its shows that Favoratism was shown to another inmate for the exact same disciplinary ticket. They know this for a fact and refuse to investigate the situation. Can you please look at this and help me.

My Medical records. I was never called to sign the forms. On 6-12-20  
Nurse Mary Peeks came to receiving and ~~was~~ presented me a Medical

She stated "I see you were on neurotins but my personal opinion is  
neurotins are dangerous so I'm not ~~giving~~ giving them to you". I stated to her  
"what was I suppose to do about pain and functioning my arm" she told me  
it will get better in time it's nothing I can do. This is deliberate Indifference.  
Mary Peeks sees I'm in pain and can hardly function my arm and hand  
but refuses to give me any treatment. Once again my medical  
attention is not being taken seriously. Treatment is serious and should be followed  
by protocol and not a opinion. Her feeling "they are dangerous" don't  
mean I shouldn't receive proper treatment! I should be the one to  
determine if the side effects are dangerous in which she never told me  
what they were. I should receive proper treatment like everybody else.  
She also stated "I don't give out neurotins" so its other people suffering

It is at the discretion of the psychiatric provider as to which medication is clinically needed and prescribed. Formulary and non-formulary policies and directions towards psychiatric providers would be the same at other IDOC facilities. After a review of his mental health records, the MHP and Psychiatric documentation demonstrates appropriate clinical direction and treatment, as well as appropriate level of care.
